AcePro-CH01-1

**160W 6-Port USB-A/C
Charging Station with PD3.1**

User Manual

Features

- Simultaneously charge up to 6 devices with a total power output up to 160W.
- Features 1x USB-C PD 140W (PD3.1), 2x USB-C PD 30W and 3x USB-A 12W.

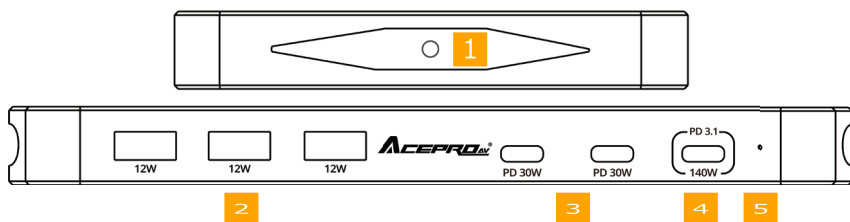

Note: this product DOES NOT include a 140W USB-C to USB-C charging cable. You must use a certified 140W PD3.1 E-MARK charging cable to enable PD 140W charging on the Charging Station.

- Includes 3x USB-C to USB-C 60W charging cables.
- Designed to charge USB-C PD enabled laptops, USB-C PD enabled handheld consoles, smartphones, tablets, and other USB devices.
- Removable dividers allow you to customize the width to fit devices of various thicknesses. Includes holder to support Apple Watch and AirPods.
- Safeguard your connected devices with over-current, over-voltage, over-charge, and short-circuit protection.

Package Contents

- 6-Port USB-A/C Charging Station
- 160W AC Power Adapter
- 3 x USB-C to USB-C 60W Charging Cables | 9.8"(25cm)
- 1 x Apple Watch Holder
- 1 x Earbud Holder
- 5 x Tall Dividers
- 3 x Short Dividers
- User Manual

Layout

1. DC in:

Connect to the included 20V/8A power adapter.

Up to 30W charging.

(DC 5V/3A, 9V/3A, 12V/2.5A, 15V/2A, 20V/1.5A)

4. USB-C Charging Port (PD3.1) (x1):

Up to 140W charging.

(DC 5V/3A, 9V/3A, 12V/3A, 15V/3A, 20V/5A, 28V/5A)

5. Power LED:

Indicates blue light when powered on.

Note:

- This Charging Station utilizes the 160W total power capacity based on a first plug first serve basis.
- An E-MARK USB-C to USB-C charging cable with PD3.1 and support for up to PD 140W must be used to enable 140W charging with the Charging Station. (Note: this product DOES NOT include a PD 140W E-MARK USB-C to USB-C charging cable).
- Always disconnect the power source from the wall when the Charging Station is not in use.
- DO NOT place the Charger on heated surface or next to other heat sources.
- DO NOT attempt to replace any part or open the Charging Station. Opening the Charging Station can cause personal injury due to electrical hazard and will void the manufacturer warranty.
- DO NOT expose the Charging Station to liquids or excessive heat.
- DO NOT use corrosive cleaning substances on the Charging Station.
- Keep out of reach of children.
- For optimal charging speed, we recommend using your device's original charging cable.

- DO NOT expose it to water or fire to avoid short circuit or current leakage.
- DO NOT store this product in a humid or corrosive environment.
- DO NOT throw, trample or hit the Charging Station.
- DO NOT insert objects into the charging ports other than the appropriate cables.
- DO NOT use cables of questionable quality with the Charging Station to avoid unnecessary accidents and damages to the Charging Station and your device.
